To Whom It May Concern:

It has been a pleasure to support and fund the Master Builder Program for the past two years. The Pip Start staff have been very professional and have shown a high level of integrity and excellence. Requests and reports are turned in on a timely basis and youth are being served and impacted throughout this city.

We encourage others to financially support the Master Builder Program as it continues to provide math, science, and character building activities and opportunities for at-risk youth in central Texas.

Please feel free to contact us for additional information regarding this program.

Sincerely,

David M. Porter III
